

The **MDR** Advantage

MDR Fitness Tabs were developed by Medical Doctors based on the latest research. For superior results, nutrients are scientifically combined to enhance bioavailability. A leader in vitamin technology for over a decade, MDR was first to offer AM and PM dosages to double the body's chances for absorption. MDR Fitness Tabs provide a precise, scientific formula with the right amounts of the right nutrients for optimal health. Each nutrient in this formula is selected for the highest level of purity, potency and efficiency of nutrient yield.

Directions:

For best results, take one MDR AM (White) Fitness Tab after your first meal of the day and one MDR PM (Yellow) Fitness Tab after the next meal. If this is not possible, you may take the AM and PM Tabs together. This patented formula is also designed to be taken with aspirin, when indicated by your doctor. For an added *ENERGY BOOST*, also take one or two Stress Defense Tabs per day with breakfast or lunch.

KEEP OUT OF REACH OF CHILDREN

Accidental overdose of iron containing products is a leading cause of fatal poisoning in children under six. In case of accidental overdose, call a Physician or Poison Control Center immediately.

These statements have not been evaluated by the Food & Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
