CELEBRATING 50 YEARS OF STARDOM
plus Their Secrets to Staying Young!

Dear Friends,

Clientele is privileged to feature Shirley Jones and Pat Boone who celebrate 50 years of stardom this year! Now we shine the spotlight on and applaud these 2 special people who have constantly been on the "Top List" as celebrities who possess winning combinations of talent, kindness, vitality and youthfulness. Shirley Jones and Pat Boone are indeed two very extraordinary people. They are the embodiment of all that is right and wonderful about America, and the American dream. We are proud to feature them in this issue of "Clientele" Magazine.

I receive so many testimonial letters, but none more exciting than the letter from GuyRex (see sidebar). These two acclaimed beauty mavens are famed for their ability to help so many women win the Miss USA Beauty Pageant. Oh by the way, they call me "Princess Di" because they think I resemble her – a super compliment for which I am grateful.

Also in this issue, we are introducing our '5 Simple Steps to More Beautiful Skin.' Our skin goes through so many changes in life, especially during this time of year – but whether we're facing cold, snowy days, dry heated rooms or a glaring sun, Clientele is there to protect you and help give you youthful healthy skin. While this harsh time of year can take a toll, you should concentrate on extra care of your skin. *Whether you use our replenishing Estro-Lift, our tightening and firming Elastology or our Clientele Beauty Basics – implementing our 'Simple Steps to More Beautiful Skin' will help you achieve optimum results.* Follow these 5 simple steps and you can achieve the ultimate complexion!

STEP 1 *Cleanse:* The first important step in any skincare regimen! All other steps will not produce optimum results without clean skin.

STEP 2 *Exfoliate:* Sloughing dead, aged skin cells exposes younger skin.

STEP 3 *Nourish:* Use our nourishing skincare products and take our multivitamin formula. By nourishing your skin inside and out your chances of retaining more youthful skin are increased.

STEP 4 *Protect:* Wear your Age Blocker SPF 25! A vitally important step in taking care of your skin is protecting it from factors that can age and damage skin cells, such as the sun, free radicals and environmental pollution. Most importantly, your skin's immune defenses will stay strong, which is important to your overall health and longevity.

STEP 5 *Replenish:* Every second your body is being depleted of nutrients vital for good health of all organs, including your skin. That's why it's so important to eat well and replenish nutrients and elements vital to your skin.

Wishing you the best of health,

Patricia Riley

Six Miss USA's with the help of GuyRex, five in a row from Texas.

Dear Pat, AKA Princess Di,

Guy and I along with all our beauties would like to thank you and Clientele for your products. What a difference they have made in all our lives. They make a person feel so much better about themselves. In working within our field of beauty, we have recommended and found that all our clients, young and old, have benefited from using your products.

In our business everyone is, of course, concerned about facial beauty. However, we teach "Be your Best Self." To be that best self, one needs not only to look good but also to feel good about their self. That's the secret to your products, feeling good.

It is wonderful to wake up in the morning and not see a million wrinkles. Your method of facial care is soothing and really works. It is wonderful to see the difference without having to get stuck and punctured by needles. Who needs the pain of Botox®? With your care one can get the same results and actually enjoy the soothing application.

Now I know why we think you look like Princess Di, it's your youthful products! You know our nickname is "The Kings of the Beauty Queens," so now I guess we are all royalty. At least your products make a person feel that way.

We all thank you for your great inventions in facial care. Both of us, Guy and Rex, say thank you. And all our beauties, young and old, also thank you.

What's HOT at Clientele!

Pat Riley, recently appeared on TV in Germany and the UK. The response to Clientele was overwhelming and shows the power of QVC as an International Retailer. QVC plans to air live Clientele shows with Pat again in England and Germany soon.

A year after Pat received QVC's "Rising Star" Award at the Nomination Awards Dinner for the naming of the new winner occurred, Donald Trump filmed live on QVC. Trump sold 33,000 copies of his new book *How to Think Like a Billionaire* at \$15 during his short airing on QVC. The Men's Team sold their Grill with great success, while Pamela Day, the "Firee," sold over \$50,000 "It Works" sponges in just 10 minutes. An Outstanding Success! Again, this is proof positive of the overwhelming consumer reach of QVC.

So the World May Hear
2004 Awards Gala honored international musician/ composer/singer **Sir Elton John**; actors **Leslie Nielsen**, **Floyd Red Crow-Westerman** and talk show host **Sharon Osborne** in St. Paul, Minnesota recognizing their significant contributions to humanity and helping the world to hear.

"We believe strongly in doing our part to make the world a better place, as do this year's honorees," said Bill Austin, Starkey Hearing Foundation Founder. "It is magical to see children's faces light up when they hear again and that is just what the Starkey Hearing Foundation does - it makes magic."

Since 2000 the Starkey Hearing Foundation has provided more than 100,000 hearing aids to needy children throughout the world.

Still Shining Brightly

Whoever first said, "You're not getting older, you're getting better," definitely had Shirley Jones and Pat Boone in mind!

Shirley and Pat co-starred in 1957 in the wonderful musical *April Love*. Jones was just 23 when she rode the Ferris Wheel with charming heart-

throb Pat Boone. Both celebrated birthdays this year and are now 70 years young. Shirley celebrated her big birthday bash in March when her devoted husband, Marty Ingels, threw

her a fabulous surprise party bringing Shirley's friends and family from across the country to enjoy a charming yacht

ride from Marina del Rey, California. Pat celebrated his birthday in June, surrounded by loving wife Shirley (married 51 years), family and friends. Both have raised incredibly talented children and are doting grandparents. We are pleased that Pat and Shirley attribute their marvelous energy and youthful appearances to decades of using Clientele anti-aging skincare and our nutritional formulas.

Shirley has enjoyed (and still does) a remarkable show business career ever since graduating high school. She headed straight for New York and made her debut in the Broadway production of Rogers and Hammerstein's *South Pacific*. She has accomplished much, not only as a beloved professional in her field, but as a mother of four very successful boys.

Shirley and "first born son" Patrick Cassidy appeared on Broadway this

year in the Tony Winning, long running revival, *42nd Street* at the Ford Center for Performing Arts. "It was natural," Mom says. "It felt very, very

easy," Patrick agrees. "We really had a fantastic time." The show enjoyed rave reviews!

A veteran of stage and screen musicals, Shirley first came to public attention for her feature film

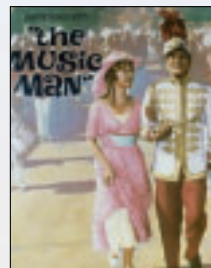

debut performance as Laurey Williams

in the big screen *Oklahoma!* Her other notable film credits include the musicals *Carousel*, *April Love* (with Pat Boone), *Never Steal Anything Small*, and *The Music Man*, the family classic *The Courtship of Eddie's Father*, and the drama *Elmer Gantry* (for which she won an Oscar).

Television gave America *The Partridge Family*, the five-year hit on ABC with Shirley as the matriarchal head of a mad-cap brood. The show is being

recreated today! TV's Mrs. Partridge still wears that familiar short hair, now beautiful silver. This popular actress/singer has entertained and delighted us for over 50 years, and still loves to act

and sing. Her itinerary is enough to leave a 20 year old breathless, but at 70, she shows no signs of slowing down and is as beautiful and talented as ever!

Shirley says that she could not keep up her hectic pace without the Clientele Youth Elixir System. (*Youth Elixir is an easy-to-take effervescent tab that creates a sparkling drink in water, and provides nutrients and gentle HGH enhancing amino acids.*) She was so impressed with her personal results with this anti-aging breakthrough, she wanted everyone to be able to enjoy the same feeling of wellness and energy.

After personal appearances Shirley states, "one of the most often asked questions is, have you had a face lift?" Shirley happily states "No, never! I use Clientele skincare every day and have for 19 years. In fact I am so impressed with Clientele products, that I have been a Spokesperson for the past 14 years."

Legend seems to be an overused term these days. But the titles "movies star," "recording artist," "best selling author," "Broadway headliner," "television host," and "entrepreneur" would definitely qualify one as a legend! Pat Boone is all this and more. In the years immediately prior to the British invasion, only one performer rivaled the chart dominance of Elvis Presley, and that was Pat Boone.

With his trademark white buck shoes, perfectly combed hair and gleaming smile, Pat Boone was the very essence of wholesome American values. Boone

had 60 hits on the US singles charts during his career, six of which reached number 1.

By 1957 Pat's popularity had skyrocketed in movies and television, appearing eventually in 15 films. He started recording gospel music as early as 1957, producing more than twenty Christian albums over 40 years, several with his lovely wife and children as

the Boone Family Singers. He was inducted into the Gospel Music Hall of Fame on December 11, 2002, for his amazing contributions to the world of Gospel.

It was Pat who wrote the words to the theme from *Exodus*. Where does Pat get his wonderful energy? Clientele's sister company **MDR Fitness** has been producing exceptional nutritional formulas for about 20 years. Pat has been using the MDR Men's Fitness Tabs formula for about 16 years now, and feels that Fitness Tabs keep him in top form for two of his loves, golf and tennis. Pat was so delighted with MDR, he became a spokesperson 15 years ago, and today he still enjoys telling the world about MDR. He also loves the Clientele Elastology Age Blocker SPF 25 and never plays golf or tennis without it!

Pat and Shirley, good friends for almost 50 years, forged another bond in 2001 when Pat asked her to do a good deed. "Pat made me aware that there was a critical shortage of blood in the hospitals, and he gathered a group of us together to go to UCLA and donate." Little did Shirley know how important her donation would be to the Boone family. "The next day Pat's grandson, Ryan, had a terrible fall and required 36 pints of blood. Apparently, we have the same blood type and they used my blood during his operation. I now really understand how giving blood is truly the gift of life."

Both Pat and Shirley are first in line to work graciously to uplift and improve the lives of others by generously donating their time and talent. Their work to aid many organizations and charitable efforts is worthy of our applause. **These generous stars are making a difference! The beauty and kindness of their spirits surely helps keep them so young!**

Stress Control Nutrients

As part of Clientele's commitment to bring you the most advanced and effective formulas with the finest ingredients, we have updated the Clientele Stress Control Nutrients and made them even more beneficial for your health and longevity. The coating has been reformulated to contain naturally green Chlorophyll, an amazingly healthful nutrient, which has many functions in the body, such as supporting immunity, circulation, digestion, urinary tract and respiratory health. Chlorophyll is also a powerful antioxidant and may help protect the cells of your body against free radical damage.

Plus we have added Copper and Chromium, *two minerals essential to health.*

We have also increased levels of Alpha and Beta Carotene to support immunity, Lutein for eyes, Lycopene for a healthier heart, Zeaxanthin for breast. *These newly discovered carotenoids act as powerful antioxidants that help reduce the oxidizing of LDL cholesterol into dangerous artery clogging plaque, which can compromise cardiovascular health.*

These changes in Stress Control Nutrients make them more beneficial for you and reflect Clientele's continued commitment to keeping you healthy, *from the inside out!*
