In The Spotlight

Every one in law enforcement knows that a good partner is essential to the job...and for David Snowden, Chief of Police in Beverly Hills, his wife Ellyn is the perfect partner. Lovely, intelligent,

and talented, she has been at his side for 35 years.

Ellyn is a role model for women. Having enjoyed a very successful 22 year career in retail with Nordstrom, she decided to leave to volunteer to help charitable groups in the City of Beverly Hills. Ellyn and David support each other and work as a team, they have co-chaired many events to raise funds for local hospitals and community projects.

David has been in law enforcement for over 40 years. Along with that comes an extremely busy social calendar, charity functions and city events almost every night of the week. "Thank goodness it doesn't take long to look your best with Clientele," says Ellyn.

"My family and my friends are the center of my world. My newest role as Grandmother to Maya Jewel just one year

old is proving to be my most satisfying and fun endeavor."

Ellyn is an avid "I Love Lucy" fan, collecting memorabilia for years. Her shelves are filled with many treasured pieces. She also enjoys golf and tennis, especially in Palm Springs, but in her words, "it is my volunteer work that fulfills and balances my busy life."

Ellyn is a devoted fan of Clientele. "While I was working at Nordstrom 10 years ago, a Clientele Beauty Advisor did a "makeover" on me and from that day, I have been hooked! I have so many favorite products, every time I try something new, it becomes a new favorite!"

Recently, Ellyn started using DermaTight, and was thrilled. She said, "It resulted in a lifted look to my skin, it is truly amazing. The Silksation Face Primer is also nothing short of a miracle. My skin feels like silk after applying, and it fills in those fine lines and wrinkles! Staying healthy and looking beautiful is very important to me. Since going on Elastology Nutrients, I feel more healthy and energized than ever. When my friends tell me how great I look, I tell them, 'it's Clientele working on my skin both inside and out.' I have to say my skin seems to look better every day. Thanks Clientele!"

"By the way, David uses Clientele too!"

Dear Friend,

In my recent travels to Europe, I have learned that women around the world are more intelligent than ever when it comes to skin care. On QVC in the UK and across fine stores in the U.S., we hear women genuinely rave about Clientele. They love that Clientele brings new technology found

no where else... but mostly they love the results they get. Put Clientele to the test and see your skin get transformed. The mirror will tell all, and so will your friends. They will notice too as your skin gets smoother, softer, and more radiant. Clinical tests prove elasticity is improved, and lines and wrinkles are dramatically reduced with Clientele's exclusive Lotus formulas. And best of all, as you continue to use the formulas, your skin will respond by looking better and better! I always say, "the longer you use Clientele, the younger you look for your age!" Leyla Milani

Setting Hollywood on Fire!

Call her a Game Show Goddess! Leyla can be seen on NBC's hit game show *Deal or No Deal* holding case #13. More than a brief case model she is often referred to as "Lucky Leyla" as many times her case has contained 6 digit amounts, and in five instances contained the \$1,000,000 prize. "I love doing the show. It's all about taking a chance. My philosophy is everything in life is taking chances... you should never be afraid of change, always be prepared, and never be afraid of the unknown. I have always taken chances. I've learned the more uncomfortable I am about something, the more new advantages I end up with."

Even a brief conversation with this gorgeous model/actress reveals that she's a Star on the rise. She's got the face of an angel and the drive of a tigress, so it's hard to believe that talented actress, model and entrepreneur Leyla was once a tomboy when she was growing up, but it's true. So how does a girl from Toronto make a splash in the tough land called Hollywood?

"Ever since I was one year old, I've been posing for the camera. Back then, hanging out with the guys, playing every sport under the sun, and constantly entertaining anyone who would watch or listen to me, was my way of life." Local fame came early with Leyla hosting an after school TV Show at the age of 12. With a flurry of local modeling and runway appearances, she was already an in-demand face at a very early age.

Definitely not a tomboy anymore, this down to earth siren is truly a Knockout! She's an in-demand actress on the small and large screen. Leyla says that it was fate that she found her way to Los Angeles. "My mother was a Registered Nurse and received a job offer in L.A. My mom always hated the cold Canadian weather, and the offer came at a perfect time. I was finishing high school, and L.A. was exactly where I wanted to be. What better place to chase my

dreams!” Leyla is a creative person, so L.A. was the perfect place for her to explore acting, modeling, and fashion design aspirations.

With her options open, she enrolled in L.A.’s Fashion Institute of Design and Merchandising. “I always had a problem finding jeans that really fit well, so amazingly by age 20 I had created Leyla Jeans Couture, a very high end contemporary denim line which became the talk of the industry.” Another Leyla inspired line was also a hit with consumers, with the collection finding its way into stores nationwide. It was at this time she decided to put all her energy into modeling and acting.

Leyla is truly sweet, kind and charming, but there is a surprise side to her too. Some of her newly cultivated legions of fans recognize Leyla from the WWE (World Wrestling Entertainment) Raw Diva Search 2005. Leyla made her way through the stiff competition, with 8,000 other applicants, and appeared live in front of millions to become the #2 Diva. “I owe my success to my amazing fans,” she says.

Recently, Leyla just recorded a fabulous song called “Knockout” written by Academy Award nominated songwriter Carol Connors, and brilliant Nashville Composer Eddie Reasoner. A future with a record

company will be on the horizon and no doubt will be another fun twist in Leyla’s exciting career.

Leyla says, “I felt privileged to work with Carol. She is a legend in song-writing. I also look at her as a Mentor... one of her words of advice was to take care of my skin early. She is devoted to Clientele because she is an avid scuba diver and is always in the sun. She introduced me to Clientele Elastology Age Blocker SPF 25 and I love it. It is perfect for me. It’s a moisturizer and sunblock in one, yet it feels so lightweight, and it makes my complexion look prettier.”

“They put a lot of makeup on us for *Deal or No Deal*, and I can’t wait to get home, take it all off with the Clientele Soy Wash, and put on my wonderful Clientele Lotus Serum. I also love Eye Science. It helps refresh, soothe and lessen the look of under-eye dark circles and puffiness. With the busy television schedules we have, keeping our eyes looking rested is important. Even if we feel tired, we can NEVER look tired. Eye Science really helps and so does the 30 Second Age Eraser, Treatment Conceal Duo Wand. I always had a problem finding the right shade for my skin. Now I blend the two shades and it’s just perfect, and it feels so good. So thank you Carol and thank you Clientele.”

The Ancient Story
of Clientele's Age-Defying Beauty Secret...

The Sacred Lotus Seed

In Buddhism the Sacred Lotus symbolizes purity and longevity. But nothing surprised UCLA Scientists more than when a 1,288 year old Lotus Seed sprouted after 4 days.

How did the Sacred Lotus stand the test of time? Upon further investigation it was found that the seeds contained an enzyme called MT (L-isoapartyl methyltransferase), which helps repair kinks that periodically appear in strands of proteins. When Clientele Dermatologists tested an extract of the Sacred Lotus Seed in their skin care formulas, they were amazed at what they found. It made the skin look dramatically younger and more beautiful!

CLIENTELE HAS BEEN AWARDED

Daily Nutrients is a complete health program with vitamins, minerals and antioxidants. You benefit from many nutrients that target the skin, hair and nails such as **MSM**, a nutritional Sulfur that helps keep skin, hair and nails healthy, and has been referred to as "Nature's Beauty Mineral."

The formula provides powerful antioxidants like **Alpha Lipoic Acid**, which helps neutralize free radicals in the skin and protects cells from damage that can lead to wrinkling.

Another key ingredient, **L-Carnitine**, plays a vital role in energy production, and is used to support key functions that require high levels of energy and

fat metabolism. B vitamins are in the formula, including **Riboflavin** which helps support energy production and a strong immune system. Plus **Lutein**, a dietary supplement long known for its efficacy and safety in promoting eye health, also provides considerable skin health benefits. Lutein and Lycopene are vital carotenoids that may help to bolster the skin's natural antioxidant defenses against the long-term damaging effects of sun and light exposure, helping reduce the appearance of premature aging.

5 SHAPE UP Secrets

- 1. Don't go to the store hungry.**
Your empty stomach might be tempting you to buy everything but the kitchen sink, including unhealthy food choices you would normally cart right past. Once it is in the house you know you are going to eat it.
- 2. Weigh yourself & catch weight gain early.**
We are not saying that you should obsess about your weight every day. Know your average weight today, and from time to time check up on yourself to see that you maintain. If you start to notice a weight gain try to eat a little healthier and get some exercise right away. It is much easier to lose 3-5 lbs. then 25-30 lbs.
- 3. Drink a full glass of water before you eat.**
Water is essential to staying healthy, and many of us do not drink enough throughout the day. Water may help keep you from over indulging and unhealthy snacking.
- 4. Avoid unhealthy late night snacking.**
Yes, of course you can have an apple. But just say "no" to ice cream, cookies and cake—otherwise you might be saying "yes" to storing unwanted fat while you sleep.
- 5. Start a muscle building routine.**
Unless you exercise, you will LOSE muscle every year. This muscle loss can cause health-related problems such as reduced capability for physical activity, and reduced metabolic rate, which results in gradual accumulation of body fat. Muscle building helps boost metabolism as well as strengthen, firm and tone your body. Muscle tissue burns more calories so building muscle helps you stay in shape easier.

Stress Control Nutrients - Feel Energized!

A special patented vitamin/mineral complex specifically developed to give you the nutrient boost you need during high-stress times. You need additional **B Vitamins** to support energy and **Antioxidants** because stress may increase production of free radicals (antioxidants help neutralize free radicals). Chronic stress has also been found to raise blood sugar levels, which can lead to diabetes and weight gain. Clientele has included a highly bioavailable, natural form of **Chromium** to help support healthy blood sugar levels, plus, other important nutrients like **Vitamins C & E, Magnesium, Manganese, Selenium, Beta Carotene and Copper** for wellness, energy and immune system protection. If you are under constant stress it is vitally important to fortify your nutritional defenses. Like all Clientele formulas, the protective coating is based on natural plants fiber and is free of synthetic dyes.
