Dear Friend,

Living in sunny Florida we are exposed to the sun on a daily basis. In the last 18 months, my 87-year-old father has undergone 5 surgeries to remove skin cancers, including one for malignant melanoma. (Mom spied the growth on my father's arm in an old World War II scar and asked Dad's Doctor to biopsy it. Thanks to Mom's intuition, the melanoma was luckily caught at an early stage where surgical removal was the only treatment needed.) Dad is very healthy and the plan is for him to live to be over 100 at least! You can be sure he is convinced to wear our Age Blocker SPF 25. Mom is 84 years of age and loves all the Clientele products, and her skin looks beautiful. If there is any doubt whatsoever in your mind as to whether or not you should wear sunscreen don't hesitate. Dermatologists believe most signs of aging and most skin cancers are caused by the sun's radiation—and sunscreens can help protect you!

Pat Riley

5 tips to keep your skin youthful and healthy

as you enjoy the outdoors!

- 1 Avoid sun exposure from 10 AM to 4 PM.
- 2 Wear protective clothing, hats and long pants. Skin cancers will often occur on the upper ears and the top of the head. UV radiation can also penetrate light clothing.
- 3 Use Elastology Age Blocker SPF 25 on face, ears, neck and hands—any exposed area. Many doctors believe sunscreens may help prevent melanoma, especially formulas like the Age Blocker that reflect, absorb, and/or scatter both types of ultraviolet radiation. Remember you get sun exposure through windshields while driving, and sitting by your office windows. UV radiation is also reflected by sand, water, snow, and ice.
- 4 Never use sunlamps and tanning booths. They can also cause skin damage and increase the risk of melanoma.
- 5 See a Dermatologist if you have suspicious moles or crusty red patches. If you are fair, or have sunbathed for years without sunblock, you need to be extra diligent. People who have had at least one severe, blistering sunburn as a child or teenager are at increased risk of melanoma. When skin cancer occurs in a family, all family members should be checked from head to toe regularly by a Dermatologist.

Summertime— Uplift and Renewal!

Nature is in full bloom. It's summer and "skin is in." There's a carefree quality in the air, and everything is simple and more relaxed.

But while your spirits may be singing the praises of summer, it's likely your skin is still crying out with the winter blues-dry, scaly, rough spots on elbows and heels as well as stressed-out under protected skin on your face and body.

As the days get longer and temperatures begin to climb, off go the sweaters and boots, and on go the shorts and sandals.

Nothing is worse for skin than sun damage that can leave your skin looking dull, dry, rough, and even wrinkled and older. The good news... beautiful, summer-fresh skin is closer than the nearest Melon patch.

Clientele comes to the rescue to fight signs of aging with our exclusive youthifying ingredient Age-Defying Sacred Lotus Seed. Our Elastology and Estro-Lift Formulas combine the Ancient Wisdom of the Lotus with Futuristic Skin Therapy to bring you more youthful skin and help you capture that healthy glow.

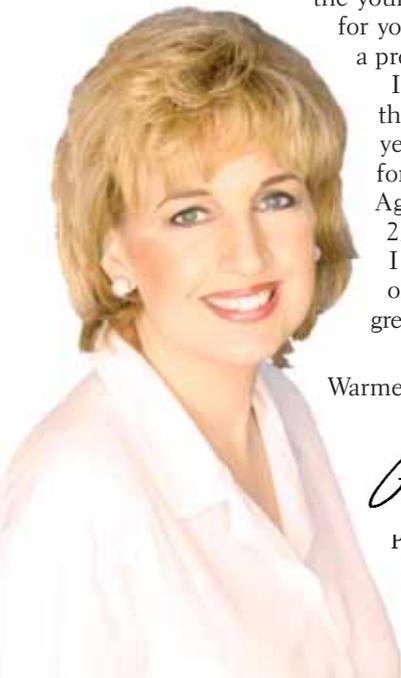

What's "Hot" this Summer are new skin care lines for men. Very nice, but this is nothing new at Clientele. Almost 3 decades ago, or Dermatologists developed Clientele skin care formulas for men and women. In fact, we've got lots of high profile men and even couples using Clientele skin care and looking young because of it, like Dennis and Ree Cole. One thing is for sure, the longer you use Clientele the younger you will look for your age, and that's a promise!

I hope you enjoy this glorious time of year, and don't forget to wear your Age Blocker® SPF 25! More than ever I wish you the best of health and the greatest of happiness.

Warmest Regards,

Pat Riley

Love

Is In The Air For Dennis & "Ree" Cole

Love is definitely in the air for newlyweds Dennis and Ree Cole. The stunningly good looking newlyweds represent all that is beautiful about love and life.

Still very handsome and youthful, it's hard to believe that Dennis has been an actor for 35 years, but as he says, "Time flies by when you're enjoying yourself." Reflecting on his career, he considers himself to be one of the luckiest people in the world to have worked with and met so many great artists. "I'm a guy from Detroit," says Dennis, "...who never dreamed that my life would be filled with such incredible excitement, adventure and good fortune. I'm truly thankful to God and the many angels in my life."

"I never dreamed that my life would be filled with such incredible excitement, adventure and good fortune."

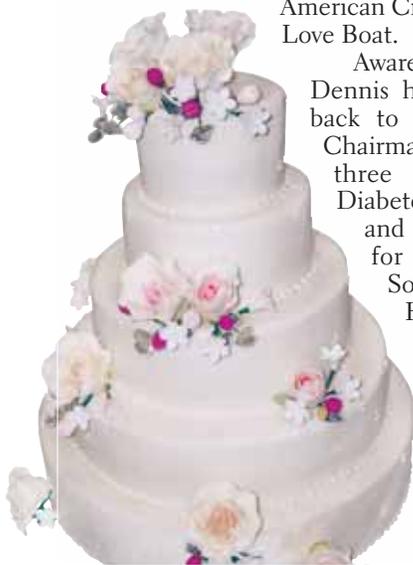

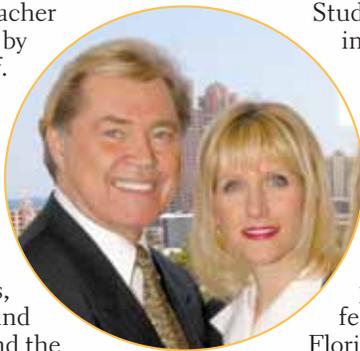

One of the most important angels in Dennis' life is his lovely blonde and blue-eyed wife, Ree (a nickname for Marjorie), who could easily be cast in the role of an angel. Originally from New Jersey, she was an actress and model in New York before moving to Florida. Presently she's looking forward to being featured as a host on *Designing Spaces*, a TV show soon to be aired on TLC and WE networks.

So how did these two meet? Not online or in any way you'd expect. Both living in Florida, Ree, a single mom, was introduced to Dennis by his baseball-playing friend, who was giving her an autograph for her son. As they got to know one another, they both realized how much they had in common.

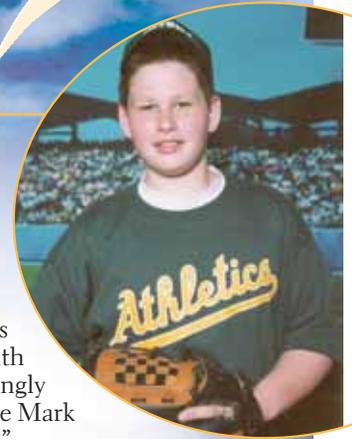

Ree and Dennis enjoy sharing positive uplifting ideas with each other. Their message: "follow your heart." In addition to acting, they own Celebrity Realty in Ft. Lauderdale, one of the hottest real estate markets in the U.S., Dennis first became a real estate broker during a hiatus he took from acting while recuperating from foot surgery. Although he had stumbled over a brick that a stagehand had thoughtlessly left remaining onstage, Dennis immediately turned this into the positive of starting a new career.

This was not the first time Dennis changed careers. Starting out as a talented trumpet player, following in his band leader/musician father's footsteps, he had left his hometown in Michigan bound for a musical career in Los Angeles, but soon began to find more jobs as an actor. Becoming more serious, Dennis then studied acting with the prestigious acting teacher Robert Graham Paris and was mentored by actors Ben Alexander and Howard Duff. He's been kept busy acting ever since in numerous TV series, soaps and movies, films, plays, musical variety shows and as a star in numerous guest roles. His "Love Is In The Air" Musical Tribute to Love, Romance and Nostalgia, in which he sings and plays the trumpet, has been very well received in Las Vegas, Atlantic City, on the Holland American Cruise Lines and the Love Boat.

Violent Crimes," based on the devastating experience he personally suffered when his beloved son Joey was killed. To this day, he dedicates all his shows to his son and father. Though he will always miss his own son, Dennis enjoys a wonderful relationship with Ree's 14-year old son Mark, lovingly referring to him as his "#2 son," while Mark calls his stepfather "my #1-1/2 Dad."

Believing strongly in the importance of meditation, Dennis has learned to make the most out of life by following what he refers to as the "ABCs of Life reversed to the CBAs (Conceive, Believe and Achieve)."

Once a dance instructor for Arthur Murray Dance Studio, his self respect and confidence was inspired by his employer, dancer Doris Eaton Travis, who today at 101 years of age is still going strong, remaining motivated and focused.

Both Ree and Dennis strongly believe exercise to be the key to remaining youthful. "You look as good as you feel," says Dennis, who along with wife Ree, credits Clientele's quality products for keeping them looking and feeling so young. Living near the beach in Florida, both Coles rely on Elastology's Age Blocker SPF 25 for protection against its harmful rays. Their daily skincare regimen also includes Elastology's Gentle Soy Antioxidant Cleanser and Firming Night Cream. The couple is confident that Clientele's Daily Nutrients will continue to keep them healthy from the inside out. "We rely on Clientele and Elastology to keep us looking and feeling good all the time," says Ree. "After all, it's an inside job," adds Dennis. The Coles look forward to an active future continually developing their real estate business, expanding into European and foreign markets, as well as pursuing their acting careers in New York and Los Angeles.

Skin Saving Guide for Men & Women

Everyone wants to be blessed with healthy glowing skin. Healthy skin is by no means just a concern for women, men need to take care of their skin too. For healthy skin, you need the right skin care, regular exercise, nutritionally good eating habits, sufficient sleep, and adequate water intake.

5 BASIC SKINCARE TIPS

- **Cleanse...** The first step, lather away impurities and pore clogging oils. Select the proper wash for your skin type. Clientele's Gentle Soy Antioxidant Wash is excellent for all skin types and great for men too! If you have acne prone skin, choose Blemish Free Face Wash.
- **Exfoliate...** Skin exfoliation is another key to radiant skin. Almost everyone can benefit from mild exfoliation. Our Double Action Cleansing Sponge gently exfoliates aged surface cells, revealing smoother, fresher, more radiant skin! Wash, rinse, and air dry between each use.
- **Nourish...** Lotus Firming Serum helps fight free radical damage and nourishes skin cells for a youthful, bright and radiant glow. It also increases skin elasticity, keeping skin firm and youthful. Use AM and PM.
- **Protect...** Guard against daily photo-aging and damaging free radicals. Use Elastology Age Blocker SPF 25 to moisturize, protect and firm your skin with elasticity builders, vitamins and antioxidants. Before any exposure to the sun, massage over face, ears, neck, hands and any other exposed areas. This is an important product to help prevent skin cancers.
- **Replenish...** Every second your body is being depleted of moisture and nutrients vital for the good health of all organs including your skin. That's why it's so important to replenish your skin with an adequate supply of good vitamins, moisture and antioxidants on a daily basis. Firming Night Cream nourishes, hydrates and smooths your skin, helping it look youthful and radiant! Apply it each night for younger looking skin when you awaken.

Age-Defying Science®

UCLA

SCIENTISTS prove the Extraordinary Benefits of the Sacred Lotus Seed.

Clientele's exclusive 'youthifying ingredient' the ancient, mystical sacred lotus seed

CLIENTELE'S ANTI-AGING BEAUTIFYING SECRET?... AN EXOTIC FLOWER AND IT'S SEEDS!

Clientele contains an exclusive patented ingredient – an extract of the Sacred Lotus Seed... you won't find it in any other skincare formula!

WHY IS IT SO IMPORTANT?

Thousands of years ago, in Egypt, Pharaohs and Queens knew the potent powers of the mystical Sacred Lotus. In India and China, Buddhist Monks cherished the Lotus. They cultivated Lotus blossoms in the rivers and believed it held the secret of life. They taught their disciples that the universe was formed from the heart of the Sacred Lotus Seed.

UCLA SCIENTISTS MADE A STARTLING ANTI-AGING DISCOVERY:

UCLA Scientists obtained Lotus seeds buried 1,000 years ago in a Chinese lake bed. They planted the old seeds. To their amazement the ancient seeds sprouted into healthy, young Lotus plants. The seeds had resisted the aging process for over 1000 years.

THE SACRED LOTUS SEED DISCOVERY IS A MARVELOUS YOUTHIFYING BREAKTHROUGH...

Scientists discovered antioxidants and a new protein-repair enzyme within the Sacred Lotus Seed. When Clientele's Dermatologists tested extract of the Lotus Seed in their new skincare formulas, they were amazed at what they found...

THE SACRED LOTUS DECREASED THE APPEARANCE OF WRINKLES BY 50%!

Now you can enjoy and radiate the extraordinary benefits of the Sacred Lotus. Share with our 'clientele' and 'be in the know.'

to All the guys

As a comedian, with over twenty appearances on *The Tonight Show*, I make my living traveling all over the United States and the world. For years the change of climate, the arduous travel schedule, and the effects of constant television make-up wreaked havoc with my skin. I was constantly searching for answers. Then I was introduced to Clientele skin care products. My skin and my appearance have been terrific ever

since I've been using the Clientele line. Where I used to always have red, dry and flaky skin, now my face is smooth and bright, my appearance fresh and rested. And being a very active outdoor person, the Age Blocker SPF 25 in the AM has enabled me to stay active being exposed to the elements. I use the Fortifier and Anti-Aging Activator at bedtime after washing my face and I wake up with smooth skin.

Thanks to Pat and Clientele, I may be the most radiant comedian around. And hopefully the funniest!

-Bobby Kelton

Beauty from the inside out™

The Importance of Combining Supplements with Skincare

When we think of vitamins, we think of gaining more energy and better health. But vitamins do not only work on the organs within your body. They work on the biggest organ, which is on the surface of your body: the skin.

Why Your Skin Wrinkles

Antioxidants are compounds that neutralize the harmful effects of free radicals. These toxic elements are produced by sunlight, pollutants and normal metabolism of oxygen in the body. Free radicals have been implicated in many diseases, including skin cancer and oxidative aging of the skin.

Protection Inside AND Outside!

This is why you'll find many of the same antioxidant ingredients in both Clientele's topical lotions AND nutritional supplements such as our Daily Nutrients – to help ensure healthier and more beautiful skin from the inside out! In fact, researchers at the Department of Dermatology at the University of Naples stated "antioxidants applied topically and/or taken orally may play an important role in counteracting the oxidative injury to the skin and eyes provoked by free radicals." *{Skinmed (U.S.), Nov-Dec 2004, 3(6) p.310-6.}* Ingredients from nature such as Grape Skin, Grape Seed, Green Tea, and Lycopene, which are a part of Clientele Daily Nutrients, now have received a lot of attention for their remarkable powers to protect the skin from the inside out.

More Help for Your Skin.

Besides a wide variety of powerful, natural sources of antioxidants, nutrients such as Biotin work to promote healthy hair, skin, and nails. Biotin is also vital to connective tissue as is the mineral copper and Vitamin C. Daily Nutrients from Clientele contains these nutrients along with others which help protect the skin from UV damage and free radical induced inflammation. Lotus Seed Extract is a key ingredient in Elastology® Skincare and is also in Daily Nutrients.

In the last several years, research has shown that taking antioxidant vitamins orally as well as applying them on the skin (as part of a topical lotion) may help play an important role in protecting skin from damaging UV rays that tend to age and wrinkle skin.

Start Now. Start with Clientele.

Healthy looking skin begins from within. To fight signs of aging, it makes sense to use a regimen that combines skincare and nutritional supplements that nourish and protect the skin from the inside out... Clientele's philosophy for over 25 years.
